

World Golf Hall of Fame IMAX® Theater

The Ultimate Amenity

The World Golf Hall of Fame IMAX® Theater is an immersive experience that transports viewers to new heights of film entertainment. The World Golf Hall of Fame IMAX Theater is complete with IMAX Digital 3D technology, making it one of a small number of institutions in the world with this level of technology. It is the largest IMAX screen in Northeast Florida and the only theater associated with a sports museum.

The 299-seat theater houses an 80-foot wide by 60-foot tall screen with unobstructed views. IMAX, which stands for image maximum, uses advanced technology to shoot and project images of extraordinary sharpness and impact. It's state-of-the-art digital sound system, calibrated daily, offers cutting edge sound quality.

Viewers can put themselves in the driver's seat and experience speeds of more than 200 mph; take a walk on the moon; ascend to some of the world's highest peaks; and dive in to an underwater journey to experience life deep below the surface — only IMAX technology creates the sensation as though the viewer is truly there.

The World Golf Hall of Fame IMAX Theater offers a variety of Hollywood and educational movies throughout the year. School groups from across Northeast Florida have taken advantage of the IMAX Theater as part of educational field trips. With accompanying teacher guides available for many films, almost 70,000 school children visit the Hall of Fame IMAX Theater each year and enjoy learning in a fun, memorable atmosphere.
